UNIVERSITY of ALASKA ANCHORAGE

REPORT ON AY2022-2023 ACADEMIC ASSESSMENT

Submission date: 1/29/2024

Assessment Plan covered in the report: Computer Systems & Network Technology AAS

College: Community and Technical College

Campuses where the program(s) is delivered: Anchorage   KOD   KPC   MSC   PWSC

Submitted by:

2. Describe your assessment process in AY23 for these Program Student Learning Outcomes, including the collection of data, analysis of data, and faculty (and other, e.g., advisory board) conversations around the findings. *(1000 words or less)*

    Faculty members provide the appropriate scores from their classes and the assessment coordinator compiled the averages of each class into an excel spreadsheet. Most, but not all of the data has been collected and compiled. Once all the data is compiled faculty will meet and talk about the outcomes, how they were being met, and what changes we could make to improve student achievement of the outcomes.

3. What are the findings and what do they tell the faculty about student learning in your program? *(1000 words or less)*

    Student outcomes are being met with the data that is in so far. Once all the data is in, the faculty will meet and discuss further what is being shown about student learning in our program.

4. Based on the findings, did the faculty make any recommendations for changes to improve student achievement of the Program Student Learning Outcomes? No

    i.   Please describe the recommended action(s), what improvements in student learning the program hopes to see, the proposed timeline, and how the program will know if the change(s) has worked. If no recommendations for changes were made, please explain that decision. *(1000 words or less)*
         No recommendations will be made until the data is all in and the faculty meet.

5. In the past academic year, how did your program use the results of previous assessment cycles to make changes intended to improve student achievement of the Program Student Learning Outcomes? Please check all that apply.

    Course curriculum changes
    Course prerequisite changes
    Changes in teaching methods
    Changes in advising
    Degree requirement changes
    Degree course sequencing
    Course enrollment changes (e.g., course capacity, grading structure [pass/fail, A-F])
    Changes in program policies/procedures
    Changes to Program Student Learning Outcomes (PSLOs)
    College-wide initiatives (e.g., High-Impact Practices)
    Faculty, staff, student development
    Other
    No changes were implemented in AY23.

If you checked "Other"

_____

2. Discuss what the program is doing particularly well in terms of its processes for the assessment and improvement of student learning, for example, the use of a common rubric or prompt, a signature assignment, etc. *(200 words or less)*

   The faculty should be commended on focusing on using techniques utilized in the workplace. This is especially true with the documentation of homework through the use of network documentation software. Additionally, the faculty have worked to improve the retention of students over the last two years and that work should be commended.
